Project Overview:

Project Name: ShopEZ – MERN Stack E-Commerce Platform

Project Description:

ShopEZ is a full-stack E-Commerce web application developed using the MERN Stack (MongoDB, Express.js, React.js, Node.js). The platform allows users to register and log in securely, browse products, search and filter products by category, manage shopping carts and wishlists, place orders, and track purchases. Administrators can manage products and monitor orders through an Admin Dashboard.
